The Union School has carried out many activities this week.

McMillan, Mrs. Malvern Wilson, Mrs. Alden Wilson, Mrs. Robert Deegan, Bernice Davis, Those sending gifts were Mrs. Robert Lowe, Bethel; Mrs. Dennis Wilson, Bethel; Mrs. Gills Dudley, Bryant Pond; Mrs. Russell Mack, West Paris; Mrs. Lenwood Andrews, Mrs. LeRoy Abbott, Mrs. Alice Billings, West Paris; Mrs. William Strout, Mrs. Roger Strout, Bryant Pond; Mrs. Milton Pierce, West Paris; Olive Davis.

Mrs. Guyson Davis entertained her sisters, Mrs. Emily Pike, Mrs. Marlon Whittemore and Mrs. Martha Wilkins, of Livermore, on Tuesday.

Ellis Davis returned Friday from Caribou where he attended the State Game for the week.

A Halloween party was given the neighborhood children by Mrs. Sayward Lamb and Mrs. Leslie Thurlow at the church. The children had a very good time in a safe sensible way which kept them away from this begging from house to house or doing mischief. It is time one should put an end to this custom of trick or treat idea and raise the moral standards of the younger generation by showing them better ways of having good wholesome fun and not begging. I hope that another year will see an end to this poor training and that the stores can find something better to offer our children than the idea of trick or treat.

When driving on vacation, remember always that courtesy pays big dividends and doesn't cost one red cent, says Duncan Howe Institute. Always have consideration for your fellow traveler. Just make sure you are going to live for another day, and have fun every day you live.

GOULD ACADEMY

Gould Cross Country Co-Champions The Gould Cross Country team travelled to Orono last Thursday to take part in the State Cross Country meeting. They returned to Bethel as state co-champions of Class "M." Summer High and Gould each scored 144. Third place went to Gorham, 150, followed by Pen-

etis, 107, and Lawrence, 174. There were 18 schools competing in Class "M" with 123 runners. Don Angvine, who has been on the injury list most of the season, came in first for Gould in 4th place. Other scoring members were Jeff Newsum 21st, Tim Carter 22nd, Art Lincoln 43rd, and Bob Felt 54th. Stan Clark, 60th, and Bob Allen, 80th, also represented the winning Gould combine. Ed Bernier, who finished first for Gould in the two opening meets of the year, was unable to compete because of illness. Only Tim Carter of the above mentioned boys is a senior, which leaves prospects exceptionally bright for another year.

Gould 21—Fryeburg 0. Gould Academy finished its 1958 season with a 21-0 victory over Fryeburg last Saturday. The team looked its best of the year during the first half, as they scored all three touchdowns in the first two periods.

The game opened with AJ Sumner taking the opening kick off to his 30 yard line. From here the Huskies marched 70 yards with Doug Rice going over from the one foot line to score. Guy Burnham rushed the extra point.

In the second period Fryeburg marched to the Gould 24 yard line where Gould recovered a fumble. This was the closest the visitors ever came to scoring. From here the winners again started a drive of 43 yards only to fumble and have Fryeburg recover on the 8 yard line. Fryeburg, however, obligingly fumbled their first play and Gould recovered 7 yards out. Pete Swallow went off tackle for six, and then Sumner plunged the remaining yard. Swallow scored the extra point by a pass from Sumner, and Gould led 14-0.

With time running out in the first half Fryeburg went to the air only to have Rice intercept on the 30 and with some neat running carry to his own 48. Gould's first play went for no gain, but the next one resulted in a 32 yard TD pass, Sumner to Larry Cummings, with Cummings outrunning his pursuers the last 30 yards. Burnham made the extra point by rushing and Gould led 21-0.

The last half was played entirely at midfield. Neither team threatened to score as the stadium seemed to let down after gaining such a lead. Fryeburg fought desperately but never could get a threat going.

Girls Sports

The class peg goes without question to the juniors. Monday night the juniors and seniors played off their game, and the juniors won 4-0. Tuesday night the final Blue and Gold hockey game will be played.

The Outing Club was elected as officers for 1958-1959. President, Steve Yeaton of Snowbegan; Vice-President, Fred Dallinger of Lowell; Secretary, Susan Martin of Intervale, N. H.; Treasurer, Peter Wheeler of Bethel.

Next week examinations will be given at Gould Thursday and Friday Nov. 7-8.

First Aid Tips For Emergencies

By Jeanne Smith, Dodge Safety Consultant

IF YOU should ever be called upon to assist at the scene of an automobile accident, when it's impossible to secure immediate medical aid, it may be vital that you know the basic first aid techniques for helping the injured.

The American Red Cross, in cooperation with the American Automobile Association, has prepared this guide for motorists which they suggest be kept in the car at all times.

1. Do not move an injured person unless there is immediate danger. If you must move him, pull him by the shoulders or feet while others support body and head.

2. Stop bleeding by applying pressure to wounds with clean cloth. Hold against wound until bleeding stops.

3. If the victim is unconscious, even temporarily, suspect head injury. Keep him quiet. If you must move him, keep him horizontal.

4. Since shock is present in most injuries, keep the victim lying down and comfortable. Carefully watch those who insist upon walking about.

5. Cover burns with clean cloth, allowing air to circulate to relieve pain.

6. If there is a stoppage of breathing, try to compress and expand the one of the chest alternately. Clear mouth and throat, and keep them clear.

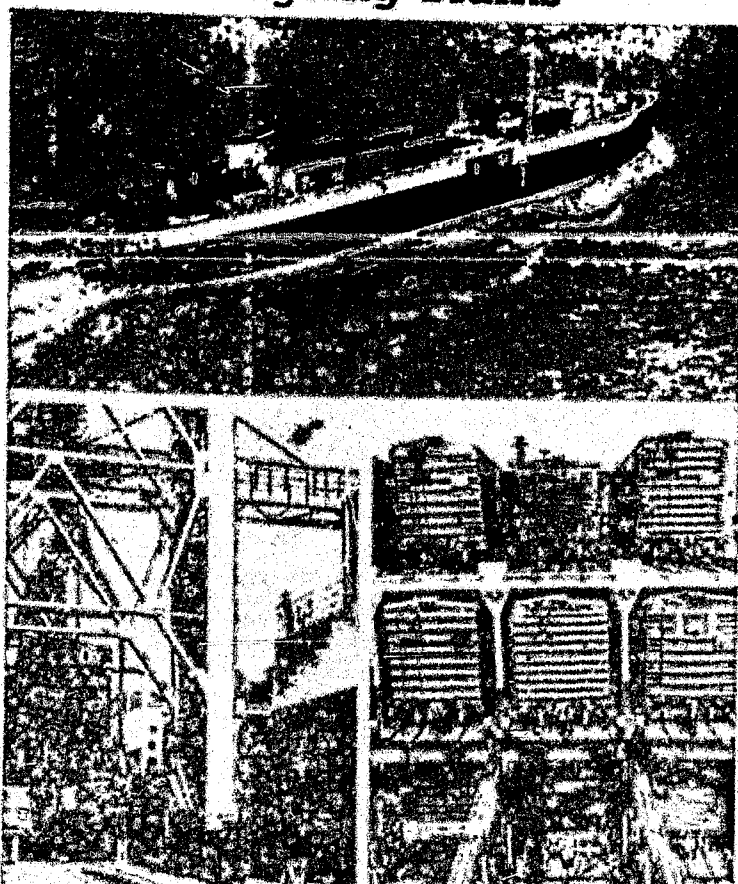

7. When there are chest injuries, limit motion of the chest by placing a wet strip of cloth snugly around lower ribs. Do not tighten.

8. Keep the ends of any broken bones from moving. Keep joints above and below broken bone ends from moving as well.

Miss Smith

Seagoing Trains

Except at four East Coast ports, few Americans have seen this unusual combination of rail-sea transportation. Fully loaded railroad cars are hoisted aboard the seagoing ship (lower left) which carries up to 100 cars on her four decks (lower right) and then steams along coastwise routes (top) to ports where the cars are unloaded and resume their rail travel. Seatrail Lines, Inc., has six of these ships plying between New Orleans, Savannah, New York and Texas City.

The urban or "city" 4-H Club is no longer an exception in Extension work, according to statistics released by the USDA. The number of 4-H'ers living in urban areas has increased more than 28 percent since 1954. Country folks are fast becoming city folks, while the distinction between farm and city boys and girls is virtually non-existent. Proof of these changing times and people can be found during the National 4-H Club Congress in Chicago where approximately 1,500 youth assemble annually. The date this year is Nov. 30 to Dec. 4.

These future citizens come from all parts of the United States, Alaska, Hawaii, and Puerto Rico. All are members of local 4-H clubs, and all have achieved top state rating in a

specific 4-H award program. They represent the 2,500,000 rural and urban 4-H'ers who continually strive to "make the best better." Those who are selected each year by the State 4-H office to attend the National Congress, have accomplished just that. These talented teenagers travel by train, plane, and bus to reach the Windy City where they will join their fellow 4-H'ers and adult leaders in a week of new and interesting adventures. Many business firms and private citizens cooperate with the National Committee on Boys and Girls Club Work and the Extension Service to make the Congress possible. Not only are the trips paid for, but other valuable awards are provided for state 4-H winners. College scholarships will be presented to 100

national champions. Among the 4-H award donors are: Mrs. Charles R. Walgreen, Chicago; Standard Brands Inc., Arcadian Products Dept. of Allied Chemical Corp., American Forest Products Industries, Wm. Wrigley Jr. Co., Pure Oil Co., Homelite, a Division of Texttron, Inc., Olin Mathieson Chemical Corp., Armour & Co., Santa Fe Railway System. Also the Chicago Board of Trade, Burlington Railroad, Milwaukee Road, Chicago & North Western Railway, Rock Island Railroad, Cities Service Oil Co., Cudahy Packing Co., Conrad Hotel, Illinois Central Railroad, Elgin National Watch Co., Massey-Ferguson Inc., California Spray Chemical Corp., C. Mad Hairs
No living American male who is more than twelve years old will ever believe it, but there was a time when women's hats were even "madder" than they are today. Research experts have found conclusive evidence to support this claim in an exceedingly rare painting on an early Maya vase that shows what looks like "the original mad hat." It is tilted saucily forward by the weight of feathers and odd "other things" and trimmed tastefully with a huge flower from which hangs a large fish.
